

## International Citizen Days 2023

22<sup>nd</sup> September 2023, 16.00-20.00

Øksnehallen, Halmtorvet 11, 1700 Copenhagen

## Matchmaking event by Copenhagen Capacity

### WHAT:

Copenhagen Capacity has teamed up with the City of Copenhagen to give you a unique opportunity to meet international talent and thus new potential employees at International Citizen Days 2023 (ICD)!

The 1-1 matchmaking event on Friday's agenda is an opportunity for you and your company to meet skilled talents face-to-face in exclusive interviews in the heart of Copenhagen. Job seeking internationals participating in ICD and interested in the 1:1 matchmaking, will be pre-screened prior to the event, ensuring that you meet only with the most relevant candidates for your company's' opening(s).

During the event, each meeting between a talent and a company lasts for 15 minutes, allowing the participants to get to know each other and explore potential employment opportunities. Remember that if you have a stand at ICD, you need to bring an extra person to take part in the interviews and not leave the stand empty.

This type of matchmaking is highly effective in helping you find the right talent, as it streamlines the recruitment process and provides a focused environment for meaningful conversations to take place.
