

INTERNATIONAL CITIZEN DAYS 2025

On 19-20 September, International House Copenhagen invites you to take part in Denmark's greatest welcome event for internationals – and we hope that you and your organisation will join us in welcoming our new fellow citizens.

International Citizen Days revolve around three themes essential to international citizens – job & career – housing – culture & leisure – in a welcoming setting that encourages meaningful connections. The objective is to make it easier for new citizens and their families to settle in the region, create long-term careers and become active parts of local communities.

International Citizen Days 2025 lasts for two days, offering a large exhibition area, several stages with talks, workshops, activities, networking opportunities, and much more. We expect more than 6000 international Copenhageners to attend the event.

Participation is free and you can attend one or both days with a stand in the exhibition area and/or a talk, workshop, or other type of activity. You can read more about the many options for participation on our website.
